Threats of Armed Resistance to the Government Made by Liberals.

CAUSED BY THE MINISTERS' DISMISSAL.

They Claim Governor Angers' Action was Unconstitutional and Propose to Secure Their Rights by Force if Necessary.

QUEREC, P.Q., Dec. 18.-Tareats of armed resistance to constituted anthority are freely made here. The Telegraph, organ of ex-Premier Morcier, says and refreshing to the taste, and acts that leading liberals claim that if they cannot attain their ends by peaceful measures, they will night for them, as their forefathers did in the rebellion of 1837, which gained constitutional government for the province of Canada. Under the existing system ministers remain in power so long as they have the confidence of a majority of the house. Mercier and his ministers control a majority of twenty and yet they have been dismissed.

The only precedent in Canada for the demissal of the government by the lieutenant governor instead of by the house was that of Governor Letellier, who in 1887 dismissed the present Lieutenant Governor Augers from power and was himself officially decapitated therefor. But Governor Angers' ac-tion is based on the report of a royal commission convicting the government of mai-feasance in office. Nevertheless the ex-tremists among Mercier's friends and supporters are repeating the threat that they will burn Spencerwood, the residence of the governor, and commit other violence, repeating the outrages of over fifty when the parliament house in Montreal was destroyed by political repeis. All possible precautions are being taken by the authori-
